# Featured Guests

**Correne Smith** and her husband and children serve at Hope International in Brazil. Children come to Hope from the streets and slums of Brazil where they were abused, abandoned, and exploited in the worst circumstances imaginable. Before they arrive via court order or social worker recommendation, most have a

life expectancy of three to five years. Once welcomed to Hope, each child becomes an irreplaceable member of our family. It is here, in serving the most vulnerable of the most vulnerable, that Hope transforms lives.

**About Mosaic** When four women discovered the powerful combination of their authentic life stories and love of song, Mosaic Quartet was born. Based in Viborg, SD, Mosaic reaches beyond mere performance, to display God's presence through contemporary hymns and worship. Singing locally at churches, private and public events, each musical experience is aimed at "making our souls alive in Christ." **Women Just Like You** will be sharing their stories of how Christ is moving and has moved in their lives. We are all uniquely created and saved for great purpose. Come this weekend to connect, imagine and remember who He is, who You are and why you are here.
